### Did you know?

**Olive Oil:** made from the first cold pressing of Picudo, Hojiblanca, and Picual olives grown and harvested by traditional organic methods in the Priego de Cordoba region of Andalucia. Only the highest quality organic olives are selected to create this smooth full flavored oil, with peppery tones and a smooth finish. Each of the three olives contribute unique characteristics that produce a versatility that makes La Masia oil a wonderful addition to any dish.

**Sherry Vinegar:** A true sherry vinegar can only be produced from wine made from Palamino Fino grapes, grown in the unique micro climate of the Jerez sherry region. The exceptional quality of our sherry vinegar stems from the use of the finest ingredients - the first pressed sherry wines known as "vinos de yema." Slow and careful preparation through a Solera system and prolonged aging in oak barrels, produces this mature, complex vinegar with an incomparable flavor, aroma, and color.

**Balsamic Rioja Vinegar:** made exclusively with wine from the Rioja region of Spain, giving it a unique flavor among balsamics. Aging in oak barrels in the balsamic tradition produces a deep richly colored vinegar with a sweet full-bodied flavor. Turn simple salads into a gourmet meal or add to a bowl of our La Masia extra virgin olive oil for pure dipping pleasure!
