Oleum Viride Extra Virgin Olive Oil

Oleum Viride oil is produced in the Sierra de Grazalema Natural Park, a pristine environment in the province of Cadiz declared a Biosphere Reserve by Unesco, which stands 500 meters above sea level on steeply sloping lands, and enjoys a unique climate, having the highest rainfall in all of Spain. This unfiltered oil produced by small family farms is made with the native Manzanilla de Zahara olive and Lechin olive varieties. It has a smooth fruity flavor with notes of pepper.
